

## WHO WE ARE:

**Kaperoni Business Financial Group S.A.** is a company established in Athens since 2006 offering its services to a wide clientele within the Greek and International market. The company consists of different entrepreneurs with high scientific expertise, great experience and professional knowledge in their field, assuring the efficiency of the services offered. Our policy is to offer high standard quality consultancy and project management while constantly covering the needs of our clientele. Our people are focused on improving and sustaining the competitive advantage of our Clients, targeting the effective dealing with today's challenges. The success of our company is based on our great expertise and experience, as well as the transparency and the ethics which rule our deals and are proven by the long-term relationships with our Customers.

## Message from our Chairman Michail Karamalis:

Our Company provides advisory services and support to both foreign and local companies that are interested in investing in Greece and abroad and has been involved in advising on a broad range of business activities. We provide a comprehensive package of services to our Clients in order to both facilitate and expedite their investment while at the same time cautioning with respect to potential risks and protecting against the same.

## Message from our CEO Nikoletta Kaperoni:

We identify opportunities and lead the selection and acquisition of high quality services which can guarantee successful developments, through specific partnership agreements. Our challenge is the research for new, advanced services to better meet and satisfy the needs of our customers that we face with optimism and responsibility. Our constant target is the success of our Customers in their business activities in Greece, China and worldwide.
